It was agreed that the resident will monitor this stretch of road (the beginning of Lodge Lane from the Nairdwood Lane junction) and will report back to Cllr Pither.

1. Vandalism – the new door specification has been confirmed and the order will be placed by the contractors shortly after confirming the colour, which will be a silver colour to closely match what is currently there.

2. CY Ventures – it was agreed to waive the charges for the three sessions booked which are for two and a half hours each over the next three months. It is understood that the first session was attended by 23 young people. CY Ventures will then be reviewing the plan to move forward with these sessions.

The new top layer will be a 6mm-0mm granite to a depth of 25mm which is a more accessible surface. The maximum value of £12,200 + VAT was also agreed by resolution and two additional quotes will be provided.

- 2024/338** **Sustrans – Village Gate** – the further design information for the proposed gateway feature on Aylesbury Road was discussed.
